Value Creation Process

J. Front Retailing is committed to working together with its stakeholders to create high-quality, new, hospitable, and fulfilling lifestyles that respond to the changing times based on our Basic Mission Statement and Group Vision.

The business activities of J. Front Retailing, centered on its department stores and PARCO, continually seek to create an affluent market that grows together with local communities. As an institution trusted by society, this mean crating new value that resonates with a wide range of stakeholders.

Implementing the Group's business model through the effective and efficient utilization of J. Front's six types of capital is the process by which we create J. Front Retailing brand value, and that results in new value shared by society at large. Through this initiative, we will aim to realize CSV management that achieves social value and economic value at the same time, contribute to society at large, and develop the Group.

SUSTAINABLE GOALS UN Summit on Sustainable Development was held at UN Headquarters in New York from September 25-27, with the participation of over 150 leaders from member states. The outcome was the adoption of the document, "Transforming Our World: the 2030 Agenda for Sustainable Development."

The Company has been implementing a CSR system based on ISO 26000 as a guideline for the creation of shared value
